

---

### **List of process for extraction of copper**

- Crushing
- Concentration
- Roasting
- Smelting
- Bessemerization
- Purification

### **Process of concentration in extraction of copper**

Forth floatation

### **Activities in forth floatation process in concentration in extraction of copper**

- Put little pine oil in water
- Mix powdered ore with water
- Blow air

### **Consequence of forth floatation process in concentration in extraction of copper**

- Removal of sulphide impurities as froth
- Removal of earthy impurities as gangue
